Discover XAT 2024

For more than seven decades, XLRI has been the proud custodian of the XAT, managed on behalf of XAMI. As a distinguished, national-level MBA entrance exam, XAT is not merely a test but a stepping stone towards premium management programs. Not only does it offer a path to XLRI, but it also extends to many esteemed Indian B-schools, such as Loyola Institute of Business Management (Chennai), St. Joseph's Institute of Management, IMT Ghaziabad, GIM Goa, Sri Balaji University, TAPMI Manipal, XIMB Bhubaneswar, and FORE School of Management (New Delhi).

Conducted annually across more than 90 cities nationwide, the Xavier Aptitude Test (XAT), orchestrated by XLRI Jamshedpur, is instrumental in MBA/PGDM admissions. Besides opening doors to XLRI Jamshedpur and other Xavier Associate Management Institutes, over 160 elite B-schools across India recognize XAT scores as a benchmark for their admission process.

Utilizing the most advanced technology and modern testing methods, the XAT comprehensively evaluates potential business management candidates. It uniquely

emphasizes candidates' decision-making abilities, setting it apart from other aptitude tests. Join the ranks of future business leaders by conquering this illustrious test.

Expected XAT Pattern 2024

Typically, the XAT question paper consists of two-time bound parts. The details are as follows:

Part I

- a) Verbal Ability & Logical Reasoning (VA & LR)
- b) Decision Making (DM)
- c) Quantitative Aptitude & Data Interpretation (QA & DI)

Part II

- a) General Knowledge (GK)
- b) Analytical Essay Writing (AEW)

The number of questions in the XAT typically fluctuates within a range of 100-105, offering a comprehensive assessment of your aptitude. Each section will typically contain between 22 to 30 questions. The total number of questions will not exceed 100, including those focused on General Knowledge.

Please **NOTE** the General Knowledge and Essay sections will not influence the cutoff score. Their evaluation will come into play only during the interview stage. So, while they are essential for the overall process, they will not affect your initial test results.
